**Subject:** Re: Regional Data Packages for Dimock

The hard copy file only included the case narrative and "form 1" sample results. All of the supporting data is in the files I just sent. Do you want us to scan the report and supporting data into one pdf file?

John,

We are responding to a FOIA request for all raw data. Would the files you attached include everything that you are including in your hardcopy file?

Cindy

We provided all of the supporting data with the two final reports for this projects. Each PDF file includes the supporting data, i.e., QC checklist, Batch Sheet, Analysis Sequence Sheet and Instrument Sheets, for each analytical batch processed for this project. I have included a copy of what we sent.

Please let me know if you have any questions.

Subject: Regional Data Packages for Dimock

Regions,

We would like to request your full data package (raw data) for the Dimock site. (Region 9 has already sent us their data.)

We are going to need scanned copies of each region's data packages associated with the Dimock Project. Please let me know if you can do this or if not, could you please send us hardcopy packages. The data should consist of the entire file, including QC.

Please send the PDF files to me, Robin Costas and Cynthia Caporale.

Thanks
